### $1,500 Lifetime Benefit Maximum
Welcome to Dental Blue, a comprehensive dental plan that provides a wide range of benefits to meet your dental care needs.

Your Dentist
Dental Blue offers an extensive network of dentists. Over 90 percent of dentists in Massachusetts and New Hampshire participate with Blue Cross Blue Shield of Massachusetts. Dentists who participate with Blue Cross Blue Shield of Rhode Island and out-of-area dentists who participate in the DenteMax Network of Dentists are also available to Dental Blue members.

If you already have a dentist and you want to know if she or he participates with Blue Cross Blue Shield of Massachusetts, you can call the dentist, look at the current dental provider directory, or call Member Service at the toll-free phone number shown on your Dental Blue ID card.

If you would like help choosing a dentist, you can call the Physician Selection Service at 1-800-821-1388. You can also access the online dental provider directory at www.bluecrossma.com.

Your Benefits
The dental benefits your plan covers are subject to the deductible and coinsurance (if applicable), and benefit maximum amounts shown in the chart. The chart also shows the percentage of costs your plan will pay for covered dental services. Many of the covered services have specific time or age limits.

For example:
- Cleanings are provided only once each six months.
- Fluoride treatments are provided only for members under age 19.

Pre-Treatment Estimates
If your dentist expects that your dental treatment will involve covered services that will cost more than $250, Blue Cross Blue Shield recommends that your dentist send a copy of the “treatment plan” to Blue Cross Blue Shield before services are provided. A treatment plan is a detailed description of the procedures that the dentist plans to perform and includes an estimate of the charge for each service. Once the treatment plan is reviewed, you and your dentist will be notified of the benefits available.

Remember, the payment estimate is based on your eligibility status and the amount of your calendar-year or lifetime benefit maximum at the time the estimate is received and reviewed. (The actual payment may differ if your available calendar-year or lifetime benefit maximum or eligibility status has changed.)

Multi-Stage Procedures
Your dental plan provides benefits for multi-stage procedures (procedures that require more than one visit, such as crowns, dentures and root canals) as long as you are enrolled in the plan on the date that the multi-stage procedure is completed. A participating dentist will send a claim for a multi-stage procedure to Blue Cross Blue Shield only after the completion date of the procedure. You will be responsible for all charges for multi-stage procedures if your plan has been cancelled before the completion date of the procedure.

How Dentists Are Paid

Participating Dentists
Dentists that participate with Blue Cross Blue Shield of Massachusetts, Blue Cross Blue Shield of Rhode Island, or out-of-area dentists that are in the DenteMax Network of Dentists, accept the lesser of either the dentist’s actual charge or the allowed charge as payment in full for covered services. You pay only your deductible and coinsurance (if applicable), and charges beyond your calendar-year or lifetime benefit maximum.

In Massachusetts, benefits are usually only provided when covered services are furnished by a participating dentist. The exceptions are described in your plan description.

Non-participating Dentists Outside of Massachusetts
Benefits for covered services by a non-participating dentist outside of Massachusetts are provided based on the 90th percentile of the Dental Prevailing Healthcare Charges in the zip code region where the services are furnished, but no more than the dentist’s actual charge. This amount is sometimes less than the dentist’s actual charge. In this case, you must pay the amount of the actual charge that is in excess of the allowed charge. This is in addition to the amount you would normally pay for covered services.

How Orthodontic Benefits Are Paid
Your plan includes orthodontic coverage. The lifetime benefit maximum is not part of your calendar-year benefit maximum; it applies only to orthodontic services. You are responsible for your coinsurance and any charges beyond your lifetime benefit maximum. Benefits are available on your effective date. If your orthodontic treatment began before you were covered under Dental Blue, a monthly fee will be paid for your remaining orthodontic visits until either your treatment is completed or the lifetime benefit maximum is exhausted, whichever comes first.

Supplemental Coverage
Non-participating Dentists Inside of Massachusetts
Your plan includes supplemental coverage to provide benefits for covered services furnished in Massachusetts by non-participating dentists. You may be responsible for the deductible and coinsurance (if applicable), and any difference between the maximum allowance and the dentist’s actual charge, and all charges beyond your calendar-year or lifetime benefit maximum. See your plan sponsor for details and claim filing information.
When Coverage Begins
You are covered, without a waiting period, from the date you enroll in the plan.

Dependent Benefits
This plan covers dependents until the end of the calendar month in which they turn age 26, regardless of their financial dependency, student status, or employment status. See your plan description (and riders, if any) for exact coverage details.

Domestic Partner Coverage
Domestic partner coverage may be available for eligible dependents. Please contact your plan sponsor for details.

Accumulated Maximum Rollover Benefits
This dental plan includes an Accumulated Maximum Rollover Benefit. This rollover benefit allows you to roll over a certain dollar amount of your unused annual dental benefits for use in the future. There are limits and restrictions on this benefit. Refer to the Accumulated Dental Maximum Rollover brochure for further information.

Enhanced Dental Benefits
Enhanced Dental Benefits for certain dental care services are available for members who have been diagnosed with diabetes, coronary artery disease, oral cancer, or who are pregnant. Contact Member Service for more information.

If You Have to File a Claim
Participating dentists will send claims directly to Blue Cross Blue Shield. All you have to do is show them your Dental Blue ID card. The payment will be sent directly to your dentist as long as the claims are received within one year of the completed service.

If you receive care from a non-participating dentist, you will typically need to submit the claim yourself. Before submitting your claim, get an Attending Dentist’s Statement form from Member Service.

After your dentist fills out the form, send it and your original itemized bills to Blue Cross Blue Shield of Massachusetts, P. O. Box 986030, Boston, MA 02298. All member-submitted claims must be submitted within two years of the date of service.

If you have a grievance, see your plan description for instructions on how to file a grievance.

Other Information
Coordination of benefits applies to plan members who are covered by another plan for health care expenses. Coordination of benefits ensures that payments from other insurance or health care plans do not exceed the total charges billed for covered services.

Your plan description has a subrogation clause, which means that Blue Cross Blue Shield can recover payments if a member has already been paid for the same claim by a third party.
